

**WORKTOPS.ie**  
APPLY THE FINISHING TOUCH

## Introduction

The Worktops.ie Collection is a stunning exclusive range that leads the way in innovation, design and value for money. The Worktop is your kitchen surface, it needs to be both beautiful and durable. At Worktops.ie we take great pride in bringing you the finest selection of quality worktops suitable for all requirements.

Our worktops are carefully selected for Irelands homemakers based on:-

- style,
- durability
- flexibility
- hygiene
- value for money

We provide finishes in gloss, matt and wood effect and we are now introducing the brand new AEON™ technology worktop which provides a beautiful finish five times more scratch resistant than traditional worktops.

## Finishing Touch

WORKTOPS.IE PROVIDE YOU WITH A GREAT RANGE OF WORKTOP OPTIONS

- Worktops are Scratch, heat and Stain Resistant
- Chose from three different edge profiles
- Matching range of Extra Wide breakfast bar worktops available to maximize your kitchen design options
- All worktops contain a high quality core
- All worktops are fully sealed at the back edge and base for extra protection
- Full range of matching jointing strips
- 28MM and 38MM thick worktops available

When choosing this vital addition to your project or renovation, Worktops.ie provides the best quality solution to suit your lifestyle.

**Make a great addition to the heart of your home.**

**5 Times**  
MORE SCUFF &  
SCRATCH RESISTANT  
**4 Times**  
MORE WEAR  
RESISTANT

## AEON™ Innovation

**Lunar Night**

**Deepstar Glaze**

**Bella Noche**

**Introducing AEON™ Technology: worktops that last longer and longer, retaining their original lustre.**

The new AEON™ Enhanced Performance technology also improves clarity, fidelity and colour for laminate that looks better, and looks better longer.

## AEON™ The Science

### AEON™ TECHNOLOGY

Our new technology deposits aluminium oxide particles in layers for superior durability, scratch & scuff mark resistance, print fidelity and colour saturation.

### MAXIMUM DURABILITY, EASY TO CLEAN AND HYGIENIC.

Our designs are conceived for the busiest work surface. To clean, use a damp cloth or sponge and a mild soap or detergent. Difficult stains can be removed using a mild household cleaner and baking soda; mixing to achieve a paste consistency. Use a stiff nylon bristle brush, scrubbing (approx. 15-20 strokes) on the affected area. Do not scrub so as to mark (damage, scratch) the surface finish.

When the logo of the forestry stewardship council appears on our product it indicates that the wood used to make the product comes from a forest which has been independently evaluated according to strict environmental, social and economic standards.
